Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

In accordance with the duty of disclosure under 37 C.F.R. § 1.56, Applicant hereby notifies the U.S. Patent and Trademark Office of the documents which are listed on the attached PTO/SB/08 A & B (modified) form and/or listed herein and which the Examiner may deem material to patentability of the claims of the above-identified application.

One copy of each of the listed documents is submitted herewith.

The present Information Disclosure Statement is being filed (without a Statement Under 37 C.F.R. § 1.97(e)) after the later of three months from the application's filing date and the mailing date of the first Office Action on the merits, but before a Final Office Action, Notice of Allowance, or an action that otherwise closes prosecution in the application (whichever is earlier), and therefore a check for the fee of \$180.00 under 37 C.F.R. § 1.17(p) is attached.

INFORMATION DISCLOSURE STATEMENT
U.S. Appln. No.: 09/855,020

In compliance with the concise explanation requirement under 37 C.F.R. § 1.98(a)(3) for foreign language documents, Applicant submits the following explanations from Office Actions from the Japanese Patent Office dated February 26 and May 28, 2002:

Japanese Patent Publication No. 11-253657A teaches that i) user registration information is stored in a main body of a game machine; ii) personal information is generated and recorded in accordance with a play condition of a game (cf., paragraph [0097]); iii) a communicator based on a network communication technique is provided; and iv) a skill level of a player is automatically judged to select an opponent of the game automatically in accordance with the judged skill level.

Japanese Patent Publication No. 8-503087A teaches that i) user registration information is stored in a key assembly; and ii) a player identifier based on an image recognition technique is provided (cf., pages 11 and 12).

Japanese Patent Publication Nos. 2000-308764A and 2001-300130A disclose a game machine comprising a player identifier, a data storage for storing personal information of a player, and a game environment provider which automatically establish a game environment in accordance with the personal information.

Japanese Patent Publication Nos. 11-85705A and 5-35877A disclose a personal identifier based on an image recognition technique.

The submission of the listed documents is not intended as an admission that any such document constitutes prior art against the claims of the present application. Applicant does not waive any right to take any action that would be appropriate to antedate or otherwise remove any listed document as a competent reference against the claims of the present application.
